**The Barlow RC High School & Specialist Science College**

To make their mark in the modern world, young people need the strength to stand up for their beliefs, to trust in their own abilities and to recognise the values that will make them better people – being ready to respect, support and care for others.

We want every child to leave us with this strong inner belief; the best tool we can give them to help them face any challenges that come their way.

*if you believe*

*if you believe, you can achieve*

# You can

We want each and every one of our children to aspire to be the best that they can be – to achieve their dreams!  
We help students identify their best possible path to success – whether a university education, college course or professional training – and then provide them with the knowledge and support to achieve it.

*if you believe, you can achieve*

As a Catholic school, our faith is at the heart of everything we teach our students. Christian values play an active part in their lives. We want our children to be recognised as followers of God, not only through what they say, but by what they do.

We see the divine working in our everyday lives through the gifts and talents given to us by God. It's vital that we help students express their faith by using their abilities to their fullest potential, and to strive to be the very best they can be.
