

# STAFFING UPDATE

All schools are unfortunately affected by staff absence from time to time.

The degree to which we are affected is often due to circumstances beyond the schools control.

We want to assure you however, that as a school we regard the quality of teaching and learning as very high priority and will do all we can to manage such situations so that learning is not adversely affected.

## Staff Changes in Maths to support Year 11 - February 2017

Directly after the half term break **Deputy Faculty Leader in Maths Miss S Collins** will, after a successful transition and hand over period, take over the final examination preparation teaching of Year 11 Sets B1 and L2 from our temporary cover teacher Miss K McGhee.

We thank Miss McGhee for all her hard work and support of Year 11 while we awaited the arrival of Miss Collins and now wish her well in her travel plans.

We also welcome back after the half term break, **Advanced Skills Maths Teacher and Assistant Headteacher Mrs K Lamb** following her maternity leave. Mrs Lamb will be working with the Maths Faculty leaders to implement a rigorous support and intervention programme for Year 11 Maths students to ensure all students are fully prepared for their forthcoming Maths GCSE examination.
